

Chicken Tractor Deluxe Stage Plot

Notes: We require 3 vocal mikes across the front. Drummer typically has a vocal mike. Kai uses a guitar amp for banjo & guitar which can be miked to go through the PA. Dave also plays through an amp which can be miked to go through the PA. Nell runs her guitar signal directly into the PA. Jim can use an existing backline or, if necessary, bring along a bass amp. Chicken Tractor plays as a 4-piece, minus Dave Mudgett, and as a 3-piece, minus drums. Contact at chickentractor@gmail.com, or 814 349-8944.
